"Both personally, and on behalf of VNU, we want to thank Jason Jennings for his outstanding presentation at our CEO Summit. He was just terrific, refreshing, profoundly informative and just the kick-off our Summit needed!

His message was relevant and actionable and resonated with the attendees throughout the two days. Hopefully, some will begin to adopt the very powerful leadership and management concepts you so well conveyed.

Thank him again and I look forward to working with him again in the future."
